seighborhood organizations in the registered nurses. Northeast are expected to got behind sgainst the measure. These organizations, with the employes, won a nota-ble victory last year when it was prolocal arsenal to Ohio.

The employes of the arsenal will hold extraordinary experience as a nurse. a dance at the arsenal tonight. The proceeds of the affair will go into the Miss Miller, who is president of the treasury to be devoted to carrying on League of Nursing Education in Phila priation for the plant

Major William B. Don is head of the small arms department. The Frank-ford Arsenal, he said, was recognized during the war as the maker of the best small arms ammunition used by the American armies and especially for its sircraft ammunition.

The argument that the government now has 12,000,000,000 rounds of small ammunition, and that therefore the arsenal appropriation should be cut down. will not hold water, he said, because the smokeless powder used in the manufacture of such ammunition will not ep for a year, and additional eartridges are sure to be needed.

#### Face Problem of Mechanics

Some of the best mechanics in their employed in the small arms departments, he said, and should it become necessary to lay some of these men off it would be impossible to replace them should such service be needed egain. Virtually every person who enarsenal since 1902 would have to be laid off, he said, and the working force re-tained would be merely a watching and
